

Wildermuth Environmental Inc. (WEI) is an employee-owned company that is a specialized water resources consulting firm dedicated to creating visionary yet practical solutions to the complex water problems facing California municipalities, governmental agencies, and private companies.

Founded in 1990, WEI has built a solid reputation as a trusted partner to water districts, municipalities, dischargers, regulators, and others in the water community by providing sage water resources consulting and innovative solutions with a focus on a sustainable resource utilization..

Mission Statement

Our Mission at WEI is to develop innovative, sustainable solutions to critical water resource problems and to actively support important environmental decision-making processes.

Values & Core Principles

One thing is clear at WEI –we promise value to our clients, employees and partners. You will see this value in many ways. We perform every service, every engagement, every project, with integrity. In fact, integrity is one of our corporate values, along with excellence, responsibility, respect, stewardship, flexibility, teamwork and reward. We define these as:

- **Integrity**—above all else—is the foundation of our business.
- **Excellence** is evident in everything we do.
- **Responsibility** for the environment, our communities and people as individuals is our guiding principle.
- **Respect**, honesty and fairness are the cornerstones of our relationships with our employees, clients and business partners. Our relationships are forged with a genuine bond of trust, consideration and appreciation.
- **Stewardship** –There is a balance among the conservation of natural resources, environmental restoration and sustainable development.
- **Flexible**, creative and innovative solutions are encouraged and rewarded.
- **Teamwork** in a spirit of openness and intellectual freedom maximizes our potential and fosters a dynamic, rewarding environment.
 - We **reward** our employees fairly and adequately in return for creativity, hard work and excellence.
